This product has been accepted as being in accordance with approved standards within the limits of Ministry quality assurance procedures. Users are cautioned that interpreted information on this product developed for the purposes of the Forest Practices Code Act and Regulations, for example stream classifications, is subject to review by a statutory decision maker for the purposes of determining whether or not to approve an operational plan.

The location of sample sites on this project map are not necessarily representative of the true location of the site according to ground-truthing. At the request of the Ministry of Environment, Lands and Parks, site sample locations have been moved onto the TRIM streamline. Corrected GPS information is presented in the 'Field UTM' columns in the project database.
